Origin Decorative is a single source for kitchen surface finishes. We supply flooring, wall and surface finishes to joinery and kitchen companies for in-house manufacturing or site installation.

Our collections are produced and supported by our manufacturing partners :

Ter Huerne (Germany) - flooring
Hesse-Lignal (Germany) - wood oils and coatings
HMG (UK) - paints and coatings

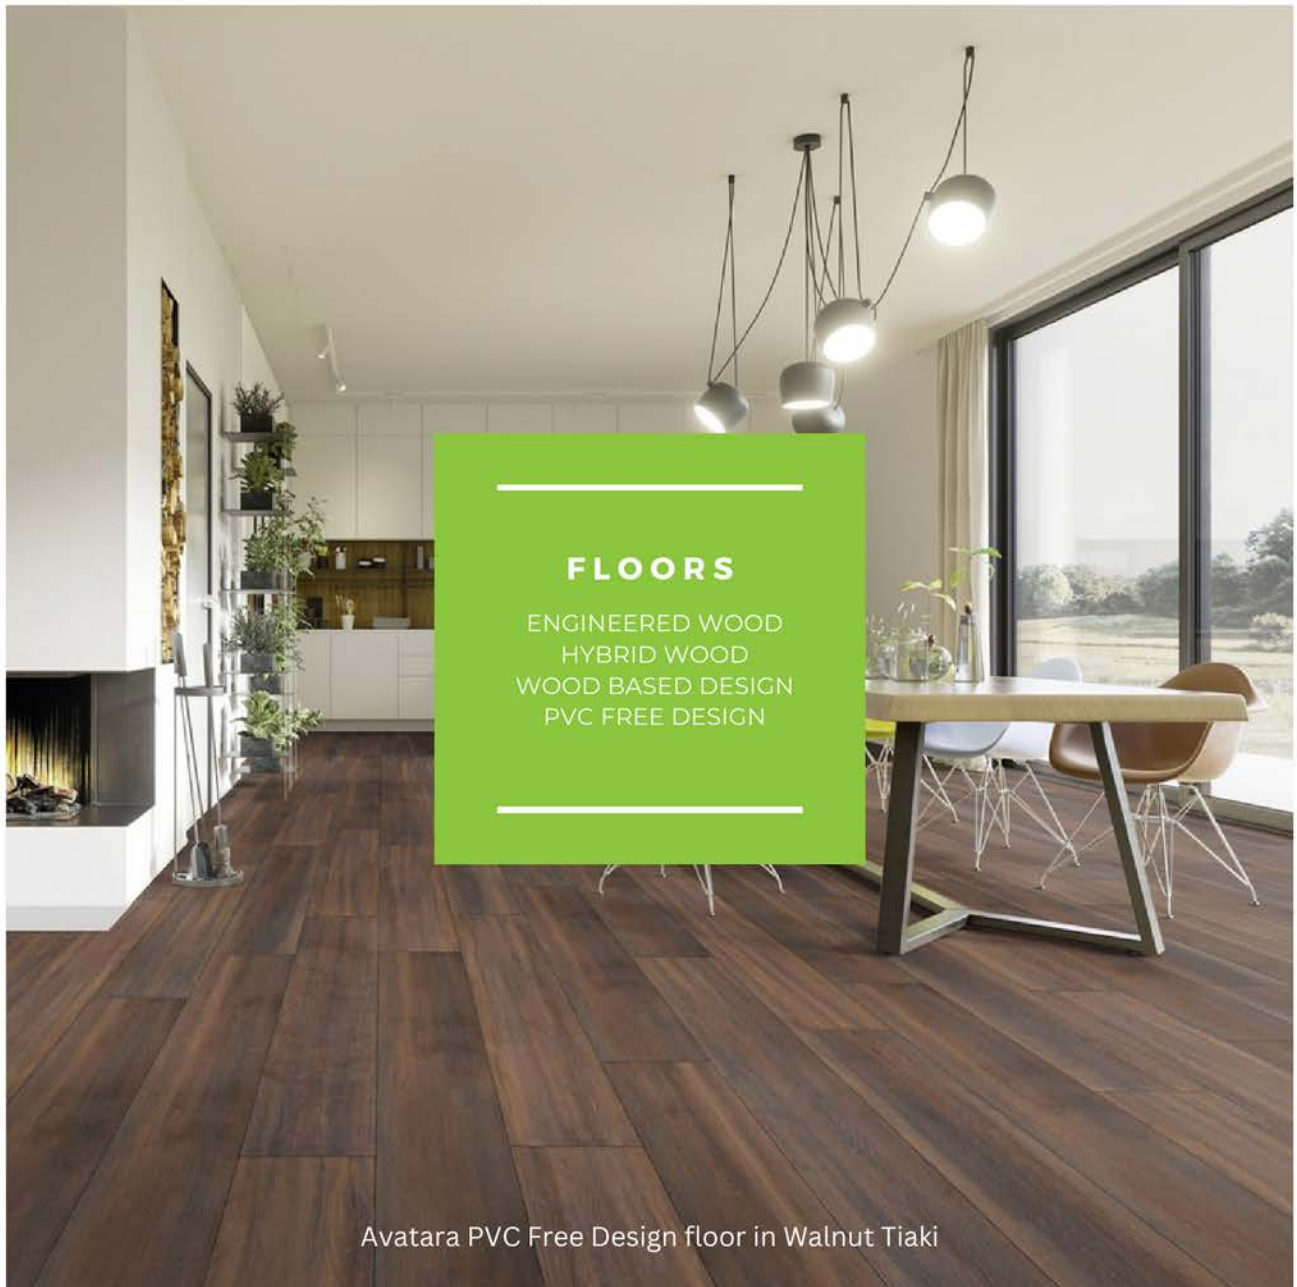

We are part of Floornet a specification-driven business working closely with architects, designers and developers. Our products are delivered either directly from the manufacturer or through our distribution partner Volante Ltd which operates our UK stockholding.

Specialising in sustainable materials we help you create the best in surface design and performance whilst ensuring we meet the highest commitment to providing the most enviro-conscious product options.

We offer a huge range of stock products as well as our individually created possibilities which are endless. The range of speciality coatings enables us to create beautiful surfaces with high-performance characteristics.
